RE: WADA 2018 prohibited list update

This circular is to advise that the World Anti-Doping Agency (WADA) has published the 2018 Prohibited List (the Prohibited List), which will come into effect on 1 January 2018.

The prohibited list is available on ASADA's website along with a summary of major modifications and the monitoring program.

Please click on the below link to access these lists;

<https://www.asada.gov.au/substances/prohibited-substances-and-methods>

Attached are copies for your reference.

It should be noted that it is the responsibility of all players to [check the status](#) of any medication or substance prior to use at all times and not to take the word of a retailer that a supplement was WADA compliant.

Due to several instances of players advising that they were unaware of recent additions to the prohibited list, it would be appreciated if this circular could be directly distributed to all Clubs and Referee Associations with a record maintained of your distribution lists.
